TEMPE'S CONTRIBUTION TO THE NEWS OF THE DAY

CATHOLICS DEDICATE STATUE

The Catholic people of Tempe, on Thursday dedicated a new statue of "Our Lady of Mt. Carmel." The dedication was preceded by the celebration of high mass at an early hour. The local priest, Father Duval, was assisted by three Franciscan fathers, one of whom was Father Lucius, of Phoenix and two from Tucson.

The church at the morning service was full of devout worshippers. The new statue dedicated is a beautiful one of Our Lady, with her infant in her arms, and this was the gift of the ladies of the Altar society of the church. These ladies observed the entire day in worship and feasting, in commemoration of the event. The story of the English Catholic legend of "Our Lady of Mt. Carmel" was again told, of how she appeared in England to one General Stockton. The church was beautifully decorated for the event and the choir of the church rendered special music for the occasion. Altogether it was a day that long will be remembered in Catholic circles of Tempe.

NORMAL PEOPLE AWAY

President A. J. Matthews of the Normal leaves Chicago on the 18th on his way home, by way of Roundup, Montana, where he stops to visit his daughter, Mrs. E. L. Hendrix, and another attraction there, a small girl who some time will call him grandfather. Mr. Matthews is expected home about the first of August.

Professor Irish is visiting his parents and other friends in Dubuque, Iowa, and will return to Tempe perhaps before August 1.

Miss Bessie Hutchinson, formerly a teacher of English in the normal, is

now touring Europe by automobile. Her home is now at Mineral Point, Wisconsin. The successor of Miss Hutchinson in English work at the normal, Miss Rena Odell, is also touring Europe, but by rail and stage.

Dr. F. A. Golder, formerly a teacher of history at the normal, is in St. Petersburg, Russia, doing special scientific research work in the interest of the Carnegie Institute.

MUSIC LOVERS ENTERTAINED

Mrs. J. B. Griffing entertained a few of the lovers of good music at her home on East Sixth street last evening. Among those present were Mr. and Mrs. E. Gibson, Mr. and Mrs. E. Schmidt, Miss Laura Schmidt and Miss Edith and Clara Salmons. A very pleasant evening was spent.

BY TALLYHO TO RIVERSIDE

A company from Tempe will journey to the popular Phoenix resort on Saturday evening. The company will consist of Mr. and Mrs. R. N. Wilson, Mr. and Mrs. E. Gibson, Mr. and Mrs. E. Schmidt, Mr. and Mrs. J. B. Gibson.

SOLD HIS PROPERTY

Norman Windes sold his property on East Tenth street in Goldman addition to the Misses York, and has moved his family to the home built by Rev. Mr. Salve, on East Eighth street.

WILL REMODEL SOON

Hyder Brothers' House of Quality has announced that it intends to start remodeling about August 1. A new front which will be one of the most attractive in the valley will be put in, and many changes in the interior arrangement will be made. Architect Roy Gray of Phoenix has the plans in hand, and there is no doubt but that the new store will be most attractive in every way. Kelly Hyder, who is the manager of the House of Quality, says that their store in Phoenix, Hyder's "Store de Luxe" is getting altogether too much publicity and that the Tempe branch of the syndicate will be heard from more frequently from now on.

UNION CARPENTERS' PRECIPITATE STRIKE

For Second Time in History of Erection of New Grammar School Building Troubles Erupt.

Union carpenters working on the new Mesa grammar school building, walked out Thursday and precipitated the second strike of carpenters that has occurred on that building within two months. The cause of the second strike is about the same as that which started the first strike—the employment of non-union workmen. As a result of today's escapade contractors Steel and Jennings have determined that they will observe a strict open shop policy in the future and the building will be completed on this plan.

Since the resumption of work some two weeks ago, when the steel girders arrived, the contractors have been employing about thirty men on the job, some of them being non-union men. When it became necessary Wednesday evening to let off a few men, there were a couple of union men in the bunch, while several non-union men were allowed to remain at work by the contractors. This was done because of the relative efficiency of the men, according to the contractors' statement. When it became known that union men, while several non-union men remained, trouble arose and the union men decided to walk out. But they did not carry every union man with them and but ten participated in the walk out. Other union men refused to walk out. Mr. Jennings, who was on the ground, immediately made arrangements to get some non-union carpenters from Phoenix to take the place of the striking union men and expect to have a full force at work today.

According to the contractors, this is the finish. In the future they will observe a strict open shop policy and will not deal with the union as an organization.

Union men, as individuals, will be employed if they wish so to work. And non-union men will be freely employed. Competency will be the basis of consideration in the future.

NUMBER OF MESA MEN IN PHOENIX

Messrs. L. W. Stillwell, A. N. Smith, George Allison, Marshal Thos. Peyton, Deputy Sheriff Burton and Justice George S. Irwin were all business visitors to the capital yesterday.

HARDY PETITIONS HERE

Friends of Assistant Attorney General Leslie P. Hardy are circulating his nomination petitions in Mesa. Mr. Hardy is seeking nomination for the office of attorney general. He has a host of friends, especially among the young men of the state, and is pulling a good strong influence.

INSTALLING ELECTRIC CLOCKS

C. Bogard, who is the electric clock agent of the Phoenix office of the Western Union Telegraph company, is in Mesa installing the electric timepieces in ten or twelve of the Mesa business houses. The master clock has just arrived and will be installed at once. When the clocks are installed and in running order, a great boon will have been conferred on the people of this section, for heretofore official time has varied from ten to thirty seconds, according to the running qualities of individual clocks. There has been no really official time and no one could, with certainty, say whether it was ten o'clock, ten minutes to ten, or ten minutes past ten, with any degree of certainty. This will now be done away with.

PHOENIX FURNITURE HERE.

The Barrows-Fooshee company, of Phoenix, are furnishing the new rooming apartment house of the Phelps-Powell company and had a load of furniture over in their auto truck Thursday. The shipment includes a large quantity of bed room suites and is up-to-date in every particular. This makes about the fifth load over from Phoenix.

OFF AFTER GAME.

The entire force of the O. S. Stapley hardware company went out on the desert Thursday afternoon for a little outing. Incidentally they hope to bring in such a large quantity of birds that they went in three automobiles. Full report of the killing will appear in a later edition.

CANTALOUPE MARKET STRONG

The cantaloupe market continues strong and the demand for Mesa melons does not abate in any particular. The tone of the market is if anything stronger than ever and eastern markets call for more than the supply is able to meet. Sixteen cars will go out today.

day and the usual average amount of twenty cars a day will probably be resumed by Saturday. The sales are netting the farmers about \$1.00 a crate straight through and entire satisfaction with the market is felt by the farmers.

TEMPERANCE RALLY

The union temperance rally that has been arranged for Sunday night will be held on the lawn of the stake tabernacle and will commence about 8 o'clock. The music will be a feature and there will be special numbers by the various musical organizations of the city. Rev. W. W. Shenk, of the state temperance alliance, will be the speaker.

THURSDAY AFTERNOON.

An uninvited calm prevailed the business districts of the city yesterday afternoon and the anxious inquirer could with difficulty find whom or what he sought. There was nothing stirring, nothing doing and the noise was as noiseless as any oyster. There was no ball game. The usual run of street loafers, etc., were off fishing. And people either hid or behaved themselves and one was persuaded that it was in very fact Thursday afternoon off.

Dr. A. R. Stener spent last evening in Phoenix.

CHANDLER

SETTLERS CUT UP OLD RANCH

The rapid development of the Salt River valley has seen more than one large tract of land swallowed up by the encroachment of the settler.

With the closing of the farming headquarters of the Chandler ranch, one of the largest and most famous ranches in the southwest has gone out of existence.

For twenty years or more Dr. A. J. Chandler and a few other pioneers had a large acreage on which White Faces were sent to roam and part of which was cultivated and irrigated by means of big wells. This was before the Roosevelt dam was built.

Each year the acreage farmed by the doctor grew smaller and smaller, and on July first the farming headquarters of the old Chandler ranch were closed forever. Today this acreage is cut up into small tracts of from ten to forty acres and occupied by settlers. Part of it is covered by the town of Chandler now a city of 500 souls. And the relentless march of civilization is steadily cutting up the huge tracts formerly owned by a few land barons.

DISCUSS ULSTER SITUATION

(ASSOCIATED PRESS DISPATCH)
LONDON, July 16.—Conferences of respective party leaders were held for discussion of the Ulster situation, in which there was apparently no change. One conference was attended by Sir Edward Carson, Andrew Bonar Law, Marquis Lansdown and Arthur J. Balfour. The cabinet will have a meeting tomorrow to decide finally upon the government's attitude toward the amending bill.
